

Air India adds more flights to Dubai from Delhi and Mumbai

- Flight timings spread throughout the day
- More flights on twin-aisle Boeing 787 Dreamliner aircraft
- Aligns network with Air India Express to achieve synergy

New Delhi, 26 April 2023: Air India has bolstered operations to Dubai, UAE, with more non-stop flights to and from Delhi and Mumbai, as part of the network alignment process between Air India and Air India Express.

In the current summer schedule, Air India has ramped up frequency to operate up to 10x daily flights between Delhi and Dubai (in both directions), including a new flight that starts on 29 April 2023. Between Mumbai and Dubai, Air India now operates up to 6x daily flights (in both directions). For most of the week, this means eight flights a day each way to Dubai from the two Indian cities.

The flight timings to and from Dubai are spread throughout the day, providing Air India's customers the option to select from morning, afternoon, and evening departures, as per their preferences.

This optimization of Air India's flight schedule for Dubai is part of the ongoing network alignment between Air India and Air India Express, achieving synergy by densifying presence on the routes that are more commercially viable and reducing frequencies on overlapping routes.

Air India has also deployed its twin-aisle Boeing 787-8 Dreamliner aircraft (featuring 18 fully-flat beds in Business Class and 238 Economy Class seats) on the majority of daily flights to Dubai from Delhi and Mumbai. The remainder of the flights are operated by Airbus A320/321 aircraft.

SCHEDULE OF DELHI-DUBAI FLIGHTS			
Flight #	Departure	Frequency	Aircraft
AI929	0640 HRS	Daily	Boeing 787
AI917	0950 HRS	Daily	Airbus A320/A321

About Air India:

Founded by the legendary JRD Tata, Air India pioneered India's aviation sector. Since its first flight on October 15, 1932, Air India has an extensive domestic network and has spread its wings beyond to become a major international airline with a network across USA, Canada, UK, Europe, Far-East, South-East Asia, Australia and the Gulf. Air India is a member of Star Alliance, the largest global airline consortium. After 69 years as a Government-owned enterprise, Air India and Air India Express were welcomed back into the Tata group in January 2022. The present management at Air India is driving the five year transformation roadmap under the aegis of Vihaan.AI to establish itself as a world-class global airline with an Indian heart.

Vihaan.AI is Air India's transformational roadmap over five years with clear milestones. It will be focussing on dramatically growing both its network and fleet, developing a completely revamped customer proposition, improving reliability and on-time performance. The airline will also be taking a leadership position in technology, sustainability, and innovation, while aggressively investing in the best industry talent. Vihaan.AI is aimed at putting Air India on a path to sustained growth, profitability and market leadership.

About the Tata Group:

Founded by Jamsetji Tata in 1868, the Tata Group is a global enterprise, headquartered in India, comprising 30 companies across ten verticals. The Group operates in more than 100 countries across six continents, with a mission 'To improve the quality of life of the communities we serve globally, through long-term stakeholder value creation based on Leadership with Trust'.

Tata Sons is the principal investment holding company and promoter of Tata companies. Sixty-six percent of the equity share capital of Tata Sons is held by philanthropic trusts, which support education, health, livelihood generation and art and culture. In 2021-22, the revenue of Tata companies, taken together, was \$128 billion (INR 9.6 trillion). These companies collectively employ over 935,000 people.

Each Tata company or enterprise operates independently under the guidance and supervision of its own Board of Directors. There are 29 publicly-listed Tata enterprises with a combined market capitalisation of \$311 billion (INR 23.6 trillion) as on March 31, 2022.

Companies include Tata Consultancy Services, Tata Motors, Tata Steel, Tata Chemicals, Tata Consumer Products, Titan, Tata Capital, Tata Power, Indian Hotels, Tata Communications, Tata Digital, and Tata Electronics.
